

Senior Product Manager

New Orleans, LA

Federated Sample is a market research technology firm based in New Orleans that focuses on bringing efficiency and automation to online sampling. By using our technology infrastructure, our clients gain global access to respondents while maintaining control and quality. For more information go to www.federatedsample.com.

Requirements/Experience

Master's degree or its equivalent in Business Administration or Management

Responsibilities

Maintain business rule implementations of a data exchange platform and create new business requirements for rapidly growing start-up firms. Act as liaison for all technology-related matters and 'concept-to-market' representative for creation of business requirements. Direct and coordinate employees' activities, plan, inspect, and establish work schedules and assignments with production goals and standards. Attend meetings with peer supervisors to coordinate operations and activities, as well as confer with respective departments and establish conformity with company policies and procedures. Must have knowledge of Microsoft .NET framework, Mongo Databases, and MSSQL databases.

Federated Sample is an Equal Opportunity Employer.
